

# DEPOSITING CHECKS

*If you're using your mobile device to deposit a check for the first time, you'll need to register first. Just give us a call at 605-455-1515 and we can get you set up within a few minutes. Once you're registered, be sure to accept the user agreement.*

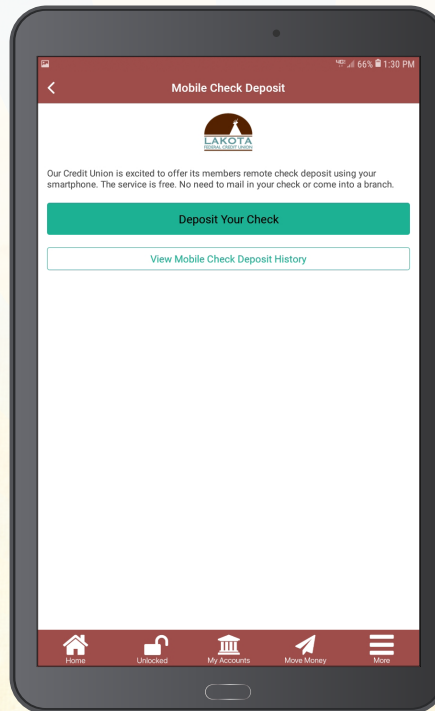

## STEP 1

Just open the app and log into your account. Select 'Move Money', then 'Deposit Check'.

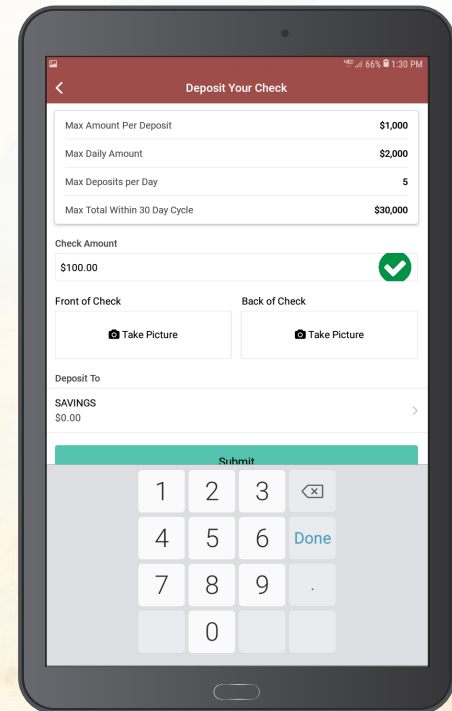

## STEP 2

You'll be directed to our Mobile Check Deposit Screen. Tap the 'Deposit Your Check' button. Then read our check deposit tips, and tap 'Continue'.

## STEP 3

Enter in the amount of your check. Then tap to take a picture of the front of your check. If prompted, allow our app to take pictures and record video.

# DEPOSITING CHECKS

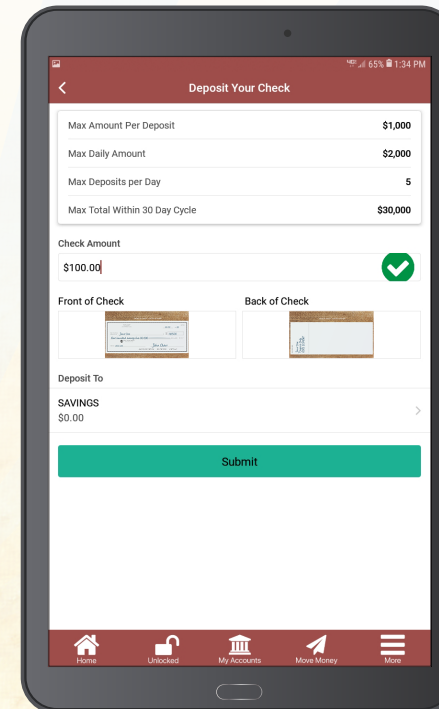

*If you're using your mobile device to deposit a check for the first time, you'll need to register first. Just give us a call at 605-455-1515 and we can get you set up within a few minutes. Once you're registered, be sure to accept the user agreement.*

## STEP 4

Center the camera over your check, and once it's in focus tap the camera icon. Then do the same for the back of your check, but be sure you've endorsed the check.

## STEP 5

Now, select which account you'd like the check deposited in and tap 'Submit'. You'll get a confirmation that your deposit is processing. Funds will generally be available for withdrawal the next business day.
