

INSTALLING OUR MOBILE APP & CHECKING ACCOUNT BALANCES

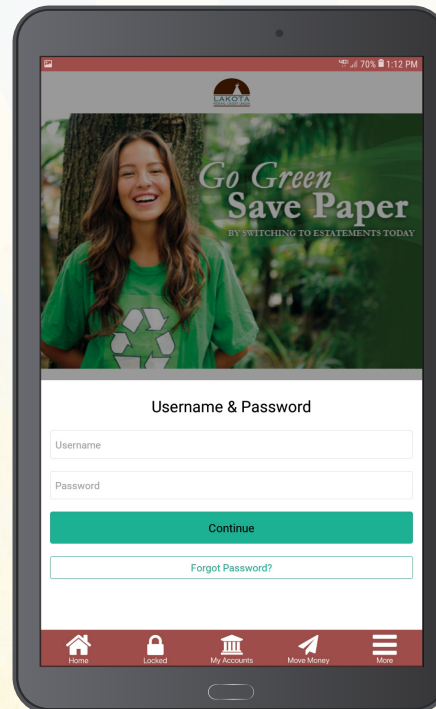

STEP 1

The first step is installing the app on your device. Simply go to the Play Store (or the App Store on an Apple device) and search “Lakota Federal Credit Union”. Just tap to install the app.

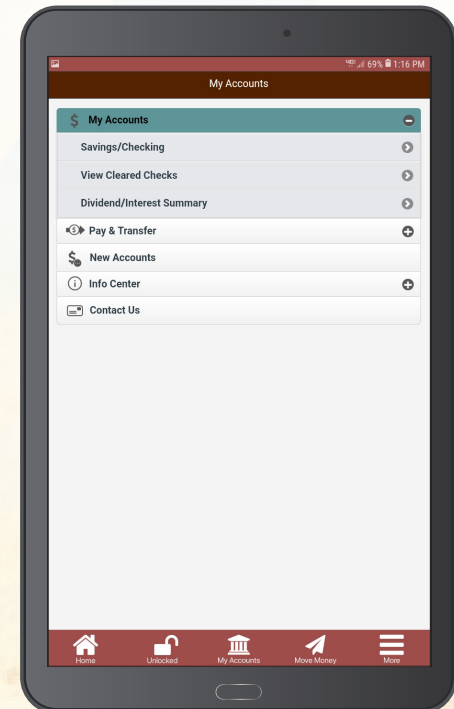

STEP 2

The next step is activating your account on the mobile app. To do this, enter in your account number and password. If you don't know your password, just give us a call and we'll give you a temporary password.

STEP 3

The first time you log in, you'll need to reset your password, set your security questions, and accept the user agreement. You'll gain full visibility of your account balances and recent transactions right away.
